

THE BMW 4 SERIES GRAN COUPÉ.

5-DOOR PRACTICALITY HAS NEVER LOOKED SO DYNAMIC.

The graceful sweep of a low stretched roofline, the muscular stance of a stylish Coupé, with the practicality of five doors. These are the hallmarks of the elegant BMW 4 Series Gran Coupé. Striking to look at but practical for company car drivers with CO₂ emissions as low as 106g/km, so Benefit in Kind Tax starts at just 19%.

Plus, with BMW ConnectedDrive and BMW Business Navigation as standard, staying connected while you're on the road is practical too.
