"In 7th grade, my hair became really curly, and I didn't know how to deal with it. I would put tons of gel in it and comb it out and it was this frizzy mess. Now I use John Frieda Frizz Ease Original Serum (\$10, drugstores) and hair masks to smooth it and keep it hydrated."

### MY ZIT #STRUGGLE

"I went through a really hard time as a teen because of acne—it makes you feel self-conscious and insecure. You just have to know it won't always be like that. This concealer was a saving grace for me."

Laura Mercier Secret Camouflage, \$34, Sephora stores

### I CAN'T LIVE WITHOUT

"Maybelline Great Lash Mascara (\$6.40, drugstores) is the only one that makes my eyelashes look the way I want. I just wiggle the wand at the very base of my lashline and make it as dark as I can so it almost looks like eyeliner—and then fan out my lashes from there with the brush."

### I CAN'T STOP BUYING...

"Lipsticks! I just went on a Rite-Aid shopping spree and got this orange and red. I think I'd be a makeup artist if I wasn't an actress."

Maybelline New York Color Sensational Vivids in Vibrant Mandarin, \$7.50, drugstores

Revlon Super Lustrous Lipstick in Red Lacquer, \$8, drugstores

### TOP SKIN SECRETS

"My friend and I had a face-mask party the other night, and we used these pore strips while watching *Homeland*—they really extract all that gunk from your nose! With those, and this cleanser, I barely break out now. I wish someone would have told me to take better care of my pores when I was younger."

- ① Bioré Deep Cleansing Charcoal Pore Strips, \$6.50, drugstores
- ② Bioré Deep Pore Charcoal Cleanser, \$8, drugstores

### KEEP CALM AND BEYONCÉ

"It's so hard finding your inner rock star! I had to close my eyes, pretend I was an amazing singer, and just go Beyoncé on it."
